The Love of God

The work that's gone into preparation for the Journey has been nothing less than herculean on the part of this body of believers. As time drew near, efforts redoubled, fine-tuning began, with attention paid to every detail - and then it was here. To all those who served tirelessly throughout the year, then dug deep for energy to push through to serve and bless our guests these past few days - this has clearly been a labor of His love shining through all of you. The only words that come to mind are the ones penned by Frederick M. Lehman in this timeless hymn.

"The Love of God"

Could we with ink the ocean fill
And were the skies of parchment made
Were every stalk on earth a quill
And every man a scribe by trade
To write the love of God above
Would drain the ocean dry
Nor could the scroll contain the whole
Though stretched from sky to sky

*This is the love that was shown and His is the power that carried the day. Thank you for allowing God to use you - your time, resources and service - to demonstrate His love in such a profound way.
with much love & gratitude, Pastor Mike & Colleen*
